

2023-2024 Volunteer Hour links

For the 2023-2024 school year, each family is responsible for completing twenty (20) volunteer hours to be completed from July 2023 through June 2024. Volunteer hours can be earned through a variety of activities. Some examples include room parent duties, field trip chaperoning, serving on a committee, fundraising events, athletics coaching, and/or professional services (i.e., professional photography, graphic design, etc.; to be approved by the Principal). Volunteer hours required for Athletics commitments should not be applied to the 20 school volunteer hours.
